Neuropsychology Associates of New Jersey  
Morristown, NJ

## COURSE DESCRIPTION

This course will focus on the latest issues in Attention Deficit Hyperactivity Disorder (ADHD) through the lifespan. This is a full-day activity with a lunchtime "Ask the Experts" session where participants will be able to ask clinical questions of expert course panelists. Topics to be covered include: diagnosis and treatment of adult ADHD, ADHD and substance use disorders, neuropsychological testing in diagnosing ADHD, and neuroimaging of ADHD.

## EDUCATIONAL OBJECTIVES

After participating in this activity, clinicians should be able to:

- Revise their screening protocols for ADHD focusing on increasing the screening of female child and adolescent patients
- Screen their adult patients who have been diagnosed with depression, anxiety, or substance use disorder for ADHD
- Evaluate their current practice regarding the pharmacological treatment of children and adults with ADHD
- Describe the high rates of overlap of substance use disorders and ADHD

## TARGET AUDIENCE

Healthcare providers caring for patients with ADHD

## LOCATION

NYU Langone Health  
Alumni Hall  
550 First Avenue  
New York, NY 10016

## COURSE FEES

**Full:** \$329

**Reduced\*:** \$249

**NYU Langone Faculty and Staff:** \$149

\* Reduced fee applies to physicians-in-training; physicians employed by the Department of Veterans Affairs Medical Center; full-time active military personnel; retired physicians; advanced practice providers; and all other non-physician healthcare professionals.

Please note: This course is eligible for NYU School of Medicine Alumni discount.

## REGISTRATION

[nyulmc.org/adhdcme](http://nyulmc.org/adhdcme)

After 12 pm on December 4, 2019, only onsite registration is available, provided the course has not reached capacity. Onsite registrants will incur an additional \$20 charge. Registration is non-transferable.

## ELECTRONIC SYLLABUS

Course syllabus will only be distributed electronically. A link will be sent the week of the course where you can view, download or print course information and presentations in advance. This link will also allow you to view the course syllabus on your smartphone, tablet, or laptop during the course. Course presentations remain available for one year after the course.

# AGENDA | Saturday, December 7, 2019
